Blue Water Habitat Receives \$200k Grant From Stebbins Family Foundation

Port Huron, MI—Blue Water Habitat is excited to announce the commitment of the Stebbins Family Foundation to a \$200,000 grant for the 2014 calendar year. The Stebbins family have been critical supporters of Blue Water Habitat since 2008, and this grant doubles their financial contribution from years past.

The grant funding is unrestricted and is to be used in support of Blue Water Habitat's Strategic Plan. We are excited to begin planning for the projects that these funds will support in the new year. From new homes to rehabs to the ReStore and homeownership education classes, this funding will be instrumental in helping to end substandard housing.

With the support of the Stebbins family we will continue building more than houses...building hope.
